Subject: Re: Carl Sagan

< Carl Sagan's death ends a career which, while otherwise superior in its achievements, was sullied by his persistence in his latter years in debunking and ridiculing the abundant evidence for extraterrestrial life and its visitation to Earth.

< It is not credible to suppose that Dr. Sagan did not know better. It is a pity that he allowed himself to be used by the UFO Cover-Up.

< At least now he knows better.

< - Richard Boylan, Ph.D.

I would think that an ex-priest would have something kinder to say. I'm just completing a book about Project Blue Book and plan to include these words:

To Carl Sagan: Who prevented the destruction of the Project Blue Book files at great personal cost. Thanks, Dr. Sagan.
