"Branton" is Bruce Alan Walton, a young man who lives in Utah, who has made a study of the inner earth for years and repeats every story and legend that he hears of this, has been influenced by fundamentalists Christians, and believes himself to be at war with a reptilian race who live in the bowels of the earth. He runs his own mail group called eaglenet. I'll bet Branton has cooked up a couple of conspiracies of his own. Don't get so serious. There are many like him out there in the great world of the web.

Sincerely,

Bill Hamilton
