For about the past year, I've listened to Art when I remembered that he was on. More so for the entertainment value than any slight educational value. But after his treatment of Korff, I will NEVER listen to Art Bell again.

If Art were so concerned with truth, he'd have dug into Brown's claims better, and the same with Dames, Shargel, and all the rest. It's only when HIS butt is getting chewed that he's so holier-than-thou, and I won't listen to such a hypocrite.
