Karl,

I had tried to find a copy of LeMay's autobiography, without success.

I was interested to know if he mentioned the subject of UFOs at all.  
In "Aliens from Space", Major Donald E. Keyhoe notes:

In 1965, General LeMay discussed UFOs with Pulitzer Prize writer  
MacKinlay Kantor, with whom he co-authored "Mission With LeMay. My  
Story". In contradiction to the AF claims, the general stated there  
were unsolved sightings by scientists, pilots and other responsible  
observers.

"There were some cases we could not explain," LeMay emphasized.

"Repeat again. Never could".

I wonder which pre-1965 cases he was referring to.

James.
