Subject: PROJECT-1947: 'Aircraft/UFO Encounters Catalogue'

We have just received the latest edition of Dominique Weinstein's 'Aircraft/UFO Encounters Catalogue' from the printers. A small supply is available for sale.

The current catalogue contains 920 cases from around the world covering the period 1916 to present. Over a dozen researchers contributed material from hundreds of sources for this catalogue. A significant number of cases involve radar or electromagnetic effects. Many of these cases are not well known outside their country of origin. A sample of the catalogue may be viewed at:
