Subject: 'Alien Autopsy' Fake or Real?

Dear Colleagues,

Although the SIGHTINGS TV show has taken a negative stance as far as the Santilli 'alien autopsy' film is concerned, a recent SIGHTINGS show broadcast in the UK showed that around 75% of the viewers of the show were of the opinion that the film was probably authentic and rebuked the show for taking such a negative stance.

I would therefore like to try my own experiment and ask the subscribers here to see what their individual opinions are on the film.

I would ask all subscribers to e-mail me with their own selection of the following:

The Santilli 'alien autopsy' film is:

- A: A fake/hoax.
- B: Authentic/non-human.
- C: Authentic/disinformation.
- D: Authentic/deformed human being.
- E: Still to be proved fake or genuine.

I will keep all of your names private in response to the above and will post the findings at a future date.

Yours Sincerely,

Philip Mantle.

Perhaps UFO UpDates subscribers would like to Cc: their responses to the List here. As usual, if you don't want your answers posted to the List (I'll just add them to the tally) start the 'message body' with NOT FOR POSTING.
