Subject: Project 1947 - 'UFO: The Government'

The following was in the latest Barnes & Noble catalogue H44M 1059.

"UFO: THE GOVERNMENT FILES by Peter Brookesmith

"Ranging from healthy skepticism to paranoid delusions, conspiracy theories abound in modern America. And perhaps the most enduring of these is the widespread speculation over government involvement in the phenomenon of UFOs over the last 50 years. Here is a fascinating analysis of official involvement in the issue, using information released by or extracted from government agencies and illustrating with actual government documents. Peter Brookesmith is a lifelong enthusiast of the paranormal, whose investigations into the subject have resulted in several books and articles, including UFOs: THE COMPLETE SIGHTINGS. In this volume, he reveals the true extent of USAF, CIA, and FBI conspiracies and misinformation in the area of alien visitation and abduction. Sparing neither the government nor UFO-logists, this gripping account is sure to raise a storm of controversy over an endlessly intriguing topic. 9" X 12". B&W photos (Barnes & Noble) 176pp. HC. Only from Barnes & Noble: \$14.98, E135726." Order by phone 24 hours/7days a week 1-800-843-2665 (Postage: US\$4.95 Foreign: ?)
