Obsolence?

Subject: Obsolence?

Greetings to all from the "Bluegrass."

I have a hypothetical for you. Would the official acknowledgement by world leaders, etc., of the alien presence in our midst, suddenly render all UFO investigative bodies such as MUFON and CUFOs completely obsolete? (Note that I said COMPLETELY; some would argue that they already are.) Or would reason go out the window and chaos reign supreme as societies the world over attempt to come to the grips with the "new reality"?

Just pondering on a Saturday morn...
