Well this might be a little harsh but I'm over sending nice letters to the big boys.  
Tim

Dear CNN

It is indeed a very messed up world based on greed, government, press and media manipulation, with the fact that the important stories that are critical for the world to know are not reported. The majority of mainstream science also falls into this category as they are afraid to study anything they can't understand, fear of there credibility, and loss of government grants. Somebody there should do there homework on the UFO phenomanen. Anybody doing any serious research will find that there is no doubt there has been a massive coverup, the military has used technology for their own purposes and gain when this could benefit mankind, and there is an incredible amount of videos and stills showing structured crafts that are very highly documented and have scientist and labs backing them up. I know you are too busy on the Boulder Colo. slaying and OJ. This shows your mentality. The lack of courage by the press, mainstream science, and media to stand up and report the real stories is sickening. Fortunately this is changing now as there is a major conditioning process going on as is evidence in referances last Feb. By Tom Brokaw, Dan Rather, Shows such as CBS's two DAY and Date UFO shows with quality video and a show on the coverup, 4 new Discovery shows last week, 2 new Arts and Entertainment shows 2 weeks ago, an upcoming Maury Povich show, MTV is wording on one, Liza Gibbons UFO show, Gordon Elliott UFO Show, dozens of alien commercials and referances on TV, new shuttle footage recorded off Nasa Select TV about 6 weeks ago that is much better then the old one showing again numerous UFOs around the shuttle that move at incredible speeds just before lasar like lights shoot towards them, dozens of ex intelligence officers etc. and astronauts talking about crafts on the Apollo and Shuttle missions, filming that I have done in Colo. that has been covered on Sightings, Borderline Show, The Gordon Elliott Show, Inside Edition, dozens of newspapers, and worked on by numerous labs. Collaberation of my filming in other states by other people video taping, the massive esculation of UFO activity, paranormal activity, medical and religious miricles, angels and ghost etc. worldwide. The list goes on and on. Did you know the National UFO Reporting Center was flooded with calls from July thru Dec. of 1995 across the U.S? Hasn't somebody told you that its alright to report this stuff now? My 8 year old daughter Brandy has had 4 major

sightings that she has brought our attention to, She was the original witness on the main craft aug. 27, 1995. My footage overwhelms the South Korea footage that you guys covered in documentation, witnesses thru out the state on the same day, lab verification and clarity and it is a daylight video. Wake up and smell the coffee.
