Pat,

The idea that what is happening is visits from ETs has always seemed to me to be overly simplistic, and not a good reason for the level of secrecy involved in the coverup.

If the truth ever comes out, I think it will be far weirder than this, and of such extreme strangeness that it would knock the foundations out from under major social structures, religion in particular.

Of the UFO investigators, I think Jacques Vallee has come closest to figuring out what is going on.

Bob
