thanks for adding us ... we look forward to be updated as things go into the last turn for secrecy of the UFOs

some notes from my trip to Brasil

I spoke with Claudier Covo in Sao Paulo, there is an article of his we have on our site in English ... he has agreed to participate in our sister site in Brasil Cosmica and write a monthly page update.

He said in Brasil in the last 15 months they had 3-4 as many sightings as the previous 10 years or for all recorded history of UFO sightings

they expect 1997 to see 3-4 the number of sightings as the previous 15 months ... also that some revelation about UFOs is coming up

he said the beings from Varginha are in a university in Campinas near Sao Paulo and that US people were on the scene from the beginning

also the beings captured (4 beings, 3 alive and one was dead, shot by a military person) are more animals ... possibly servants to the Alphas or what we call the Greys

a person driving on the highway saw the ship as it was crashing ... it had a hole in it and there was smoke coming from it ...

the area of the crash is totally clean ... he believes these beings ejected before the crash ... there is some grass in this region which is very green compared to the other crash ...

there were UFO sightings in Varginha prior to the crash

Near Alto Paraiso ... Pedro Cunha, a Brazilian researcher and I spoke with a local doctor about a girl he treated ... she had geometric slashed lines all at the same degree of depth all over her body from a UFO contact ... these lines disappeared shortly there after ... in this case it appeared some UFO beings were protecting some area full of minerals ... they tried to go back since they were very religious (catholic) and exercise these beings but it didn't work ...

is your web site part of UFO NET Global ... I don't believe so

keep up the good work
