Subject: Project 1947 - Call for Lecturers

To all fellow list members

SOS OVNI is planning it's Ninth European congress to coincide this year with the "50th Anniversary". This will be held in the city of Lyon, from 17th to 19th May. We are calling for lectures from list members and all rigorous researchers who could present something before the european ufological community, the French public and the media. Barrier language is not a problem as lectures are translated and published in the proceedings given to participants upon arrival. There are also many participants who are fluent with English.

The European Lyon Congress, while outside the "commercial ufological touring business" is one of the most important in Europe. It has already hosted speakers from the USA, Canada, England, Germany, Italy, Switzerland, Belgium, Norway, China, Russia, Hungary, among past participants : Hilary Evans, Jacques Vallee, Bill Moore, Terence Meaden, Edoardo Russo, Paolo Toselli, Michel Bounias (Trans-en-Provence trace analyst), Erling Strand, John Rimmer, Shi Bo, and many others.

It is one of the most media covered congress of its kind, with coverage by French National TVs and radio and articles in Belgium, Canada, Portugal, Italy, England, Romania, etc.

SOS OVNI is not of course as wealthy as some other groups from England or the States, so we could not offer free of charge a European tour or a 15 day stay in a 5 crown hotel with plenty of gifts, we can however lend a (financial) hand to anyone (far enough) wishing to come and meet us, either by offering a second class plane journey or the stay at Lyon Hotel (rooms, meals, etc.).

We could assure you of a very friendly atmosphere, good food and a very comfortable stay. Please let us know rapidly by calling me or sending a fax.

Thanking you for your attention.
