Hi Bob,

I think you're being overly generous, Bob.

It seems to me that, since damn near every claim made by this video's (I say video since no "film" has yet been independently examined) promoters have proved to be bogus, a reasonable observer could not help but come to the conclusion that Santilli's AA video is a hoax perpetrated solely for crass commercial consideration.

Is it due to England's notorious libel/slander laws that you're being so circumspect?

Regards,

Vince
