How about that gray area between yes and no? Not all questions  
have such simple, black or white, answers.

>If not, how can you as a photo expert continue to make the categorical  
>assertion that the AA "film" is not a "recently crafted fake?"

Vince, in case it has not occurred to you, I can do anything I damned  
well want. I don't need your permission, approval, support, etc. In  
fact, frankly I don't give a damn about you or what you think.

If you really want to know how and why I reach my conclusions, then  
attend one of the talks I give, get the video, or read my forthcoming  
magazine article.

Otherwise, in the immortal words of W.C. Fields, "Go away, kid, you  
bother me."
