Bob,

I don't know if I have a copy of the final print run. That's what I was trying to clarify.

All I can say is that Lizzy Blanchard at Michael O'Mara Books suggested I speak to "Richard", as he apparently had the only copy of the final print. Comparing some key sections of text, his copy was the same as mine.

As there still seemed to be some uncertainty and I wasn't convinced, I said to Lizzy that I would prefer to wait for a definite confirmation from someone.

>If the final text says McAndrews rather than the correct name >McAndrew, then that is a major error which was not corrected.

It's trivial in relation to some of the others and the overall contents.

Maybe a List subscriber from the US (it's not on sale here as yet) could confirm if the points I mentioned to Philip Mantle are consistent with the release print.

James.
