Philip,

No complaints. It was simply a question of whether revisions would be evident in the final print. I had said to Lizzy that I didn't think it fair to comment on the book until this was clarified.

light) objects doing likewise photographed in locations other than Gulf Breeze. And like Walter's piece, they've stood up to photographic analysis. Perhaps Walters felt he needed a prop at one time to help document his story. Who knows? But there's little doubt in my mind, as well as the minds of MANY Gulf Breeze residents, that something strange has been visiting their skies for some time now. It's clear that Walters has legitimately managed to document at least some of that activity. Don't be fooled by those skeptics out there who are pathological in their denial and have an obsessive need to pooh-pooh every UFO report. The events at Gulf Breeze encompass far more than any one witness, photograph or video, and wishful thinking hasn't made them go away. Jerry Washington SD Kentucky/MUFON
