>I just heard that the new and improved Air Force report will be out shortly
>and they have finally solved the Roswell mystery. No, it wasn't Mogul. It was
>a Fugo balloon that carried a Horten Brothers designed lifting body into the
>sky that could be cut lose to guide to Earth. (Insert laughter here.)

Kevin,

Just back last night from San Marino where Mike Hesemann brought a copy of the latest issue of Popular Mechanics which has a long story in which this premise is put forth.

Actually, Frank Kaufmann's sketches do not look like a Horton lifting body at all, but look almost exactly like some of the Alfred Loedding low aspect ratio aircraft patents from the late 30s.

How many strikes does the Air Force get before they are out????

Bob
