>>Hi Greg, Dennis, All,

>>I can't improve much on Gregs comments about Dennis' thoughtless

Dennis responds,

>Sorry to disappoint John or anyone else, but I did not 'out' Linda or any  
>other abductee. Once someone is outed, they're outed, period. If you want  
>>to call me insensitive for repeating the out, that's fine;

O-K, I'll see your 'insensitive' and raise you one, 'unprincipled'!

>I've already admitted as much and apologized if I caused Linda any  
>>additional suffering.

Your appology (after the fact) and 50 cents (may) get her a bag of M&M's.  
Once the damage is done what the hell is 'I'm sorry' good for! I would  
accept your remorse as genuine if it had been done in ignorance or  
inadvertently, but you did what you did in the full light of day (and  
reason) and intentionally I might add. That puts a whole different slant  
on it.

>But it's not the same thing as outing someone to begin with.

Oh yeah, how so? Linda's real name is not as 'out there' as I'm sure your  
guilty conscience would want it to be. I stand by my original statement  
that, "There is NO EXCUSE for 'outing' against their will!"

I don't care how many verbal song and dances you do, you are dead wrong!  
Period!

>then there's no help for you.

All 'projections' are valid Sasquatch! <G> If you don't understand my remark ask a mental health professional they'll explain it for you.

>And just out of curiosity, what suddenly makes you so familiar an  
>>authority on journalistic ethics?

Paul Vitello, a Pulitzer Prize winning news journalist, (currently a feature writer with New York Newsday) is my wifes cousin and has been a very close friend of mine for over thirty years. We talk! <G>

Also, you don't have to know much about 'ethics' journalistic or otherwise to know that what (you did) was wrong!

>Is it ethical, for example, to continue insinuating that Perez de Cuellar  
>was abducted, along with Linda, when he maintains, in no uncertain terms,  
>that he wasn't?

"In no uncertain terms?" That's another cowpie you're selling Stacy! What the third man \_did say\_ was, "\_I cannot but deny\_ that I have been involved in any abduction,..."

That's one hell of a long way from, "in no uncertain terms". To anyone other than yourself, his statement is ambiguous at best! I'll get to your "objectivity" in a minute. But first,...

>Grow up. Get over it. Go on. If you want to rage against someone, try the  
>primary investigator in the case.

(snip)

>Give me a break. The gaping black hole here is not where my heart is  
>supposed to be, but in the space between your ears. And note that I  
>didn't call you a sorry excuse for a human being.

No, you didn't call me a sorry excuse for a human being because it would not apply in my case. What you (do) call me is 'stupid'! I leave it to you to post some convincing evidence for 'that' little theory of yours. I may be many things Stacy, but 'stupid' has never been among them. Again, in regards to 'empty headedness'...all 'projections' are valid. <G>

Let's get down to brass tacks Dennis. Linda brought this up already so according to your own standards it's O-K for me to repeat it! <G>

About (your) objectivity;

You have had a serious 'hard on' for Budd Hopkins for quite some time. Ergo, anyone connected with him gets colored with the same brush. You simply don't know me or Linda well enough to say that I am a 'stupid man' or that Linda is a 'hoaxer and a liar,' so where does that come from? I'll leave it to the intelligence of the reader to answer that one.

It's true that we often say to others the things we need to hear most ourselves. You accuse Budd of not being 'objective' and you are guilty of it yourself! Again, by your own standards, you have no business in ufology either! You have a "preconcieved notion" about abductions and abductees. Holding preconcieved notions is the same thing that you accuse Budd of!

If he has no business writing books or being involved in UFOlogy because of those reasons then neither do you! Headline: Pot calls Kettle Black!

I don't agree with a lot of things connected to Budds work, but they are mostly procedural differences. Your case against Budd (and us I might add) is purely vindictive in nature and yet you attempt to disguise your venom (thinly I might add) with mere words.

Doesn't work Dennis, the pettyness comes through loud and clear \_everytime\_ you speak to one of us. You don't seem to have the necessary emotional control over yourself to hide it effectively. You don't seem to grok the fact that your transgressions and rants against us make (you) look bad, not us! <G> You're the one that's supposed to be "objective" and "openminded," man, have you missed the mark!

I \_can\_ vouch for the fact that regardless of whatever else he may be, Budd Hopkins is an honest, decent, careing, and honorable man. Can't say the same for you Sasquatch, sorry.

>Dennis Stacy

>Non-Human Being  
>Scoundrel  
>Professional Outer  
>MUFON Dragoon  
>Controller & Suppressor of Dissent  
>Unethical Journalist

Your own self assessment, not mine! <G>

>(Did I leave anything out?)

Yeah, ..

1. Insulting
2. Vindictive
3. Closeminded
4. Prejudiced

If you really want me to go on we can continue this pointless discussion privately. I hope not, I haven't got much belly left for your particular brand of pure BS.

John Velez :) Poor, but honest.
