Subject: CAUS - _JUST CAUSE_ #50

Hi All...

As the 50th Anniversary of the beginning of the modern UFO era approaches, it's worth taking a peek at the 50th issue of _JUST CAUSE_, the journal of Citizens Against UFO Secrecy (CAUS).

Issue #50 contains a fine editorial from Barry Greenwood which looks back at the first fifty years of UFO research and concludes that we need to do better in the second fifty. Jerome Clark presents his views on Sagan's contributions to UFO research, and Greenwood replies. Both viewpoints are a good read, and whichever argument you ultimately find to be the more convincing, it's reassuring that UFOlogy still has good people like Clark and Greenwood associated with it.

There's more on the Edwards AFB "Non-event of 2-1-67" - even Robert Low (yes, that Robert Low!) felt that the Air Force was giving him the runaround, and details of new UFO material unearthed in USAF microfilms by Jan Aldrich of PROJECT 1947.

The 50th issue of _JUST CAUSE_ also includes Robert Todd's latest issue of the SPOT REPORT, detailing his investigations into the "faked" Schulgen memo. Four pages of comparisons between the real and "amended" versions, and news of the 1950s Battelle/Project Stork contract with the Air Force.

Todd advises that copies of the genuine Schulgen memorandum can be obtained by writing to Barry Greenwood at the CAUS address. Please include US \$2.00 to cover copying and postage.

At US\$15.00 for U.S and US\$20.00 for foreign subscribers, _JUST CAUSE_ remains excellent value for anyone with a serious interest in UFO research.
