Some reader reactions regarding the Rancho Santa Fe mass suicide:

>From [Bunky60@aol.com](mailto:Bunky60@aol.com) :

"Seems that the only times UFOs make it into the news are as part of some misguided individual's mixed up cosmology. Not everyone interested in the phenomena is unhinged, I wish the media would get it."

>From [dlmoo@comsys.net](mailto:dlmoo@comsys.net) :

"My take is this, if there was a UFO next to the comet, and if the aliens were watching the news coverage of the mass suicide, they would be looking at each other and shaking their heads saying, 'What the hell is the matter with them?'"

>From [equinox@buffnet.net](mailto:equinox@buffnet.net)

"There needs to be a large warning sign posted on the entry to UFO studies; 'The study of the UFO phenomenon is NOT a substitute for religious belief, if you need emotional or spiritual fulfillment you will not find it here'"

"Your article helps bring some focus and needed criticism to a field that is overwhelmed by Space Brothers, Higher Steps on the Evolutionary ladder and the X-Files. It may be boring to ruthlessly examine the evidence but ultimately it will prove much more fruitful in finding the truth."
