 Subject: Welcoming Linda

Hello Linda,

Nice to be able to address you in cyberland. Big Warm Welcome :-). I have hesitated emailing thinking that you are probably inundated with email and have virtually no life at all.

I would like to submit a few questions to the forum (ie. \*you\*) and hope they are not too demanding on your time.

- 1) How have you found your personal and professional lives been affected being one of the main characters in a popular book on this subject?
- 2) Would you recommend (now having been thrown into the public eye) that other 'experiencers' go public with their experiences? I understand you had some uncomfortable experiences with people after the event - (understatement I know).
- 3) What 'things' have you found helpful to keep your sanity through all this?
- 4) In hindsight, is there anything you would have done differently in bringing this part of yourself forward?

I will refrain from asking the 2386 other questions I have, realizing Errol would blackball me from this list for overloading his server. :-)

Thank you (in advance) for your time and effort in responding to what will probably be more than a few questions from everyone.

Best regards,  
 Paul.

Paul (Twigman) Wedel !:-:-)
