In a message dated 97-05-09 07:25:53 EDT, you write:

This was great stuff, Alfred. I loved it! Korff deserves being poked=20
in the eye.

Korff and Todd are shameless, arrogant liars and hypocrites, the pots
calling the kettle black. I have no idea if they really believe the junk
that they've written, or whether they're both now sp00ks in the employ of
somebody. I agree with Ed Komarek. It looks like a coordinated debunking
campaign of Marcel using civilians Korff and Todd as the hatchet men, and
giving plausible deniability to those really behind it. It's no accident
this is all happening now following the Air Force's release of their
debunking Roswell report. The strategy comes under the headings Preemptive
Strike, Mop-up, and Protecting the Rear Flank.
