I don't usually quote Shep Gordon, but I found this one this afternoon on alt.paranet.ufo:

Subject: Boylan = Frager

Richard Boylan is using the alias of "smcqueen@cyberhighway.net, RHD RICHARD X FRAGER" to press his idiotic, conspiratorial views.

Boylan, for those who don't know, is a psychologist who lost his license in California for unprofessional, unbecoming conduct -- former patients testified that he urged them to engage in nude hot tub sessions with him, and one that he traded therapy for massages in which he explained that it was okay if she touched his genitals.

Boylan has also accused me of actually being multiple "intelligence agents" set out to "destroy" him, and claimed in 1992 that a "triangulation" hit team of government agents attempted to murder him in the Southwest (yet, perplexingly, chose nevertheless to allow him to live these subsequent 5 years).

Now we see Boylan hiding behind an alias as part of a pathetic self-promotion campaign.
