**UFO UpDates Mailing List****'Rods'?**

 Subject: 'Rods'?

This subject may have come up previously, but I must admit that I'm rather intrigued by the so-called 'Rods'.

<http://www.roswellrods.com/pre.html>

This site has an extensive collection of photos and video stills of the 'Rods'. I found several photos of particular interest, namely, stills of a fellow sky diving with a 'Rod' seemingly flying several meters away from him. Also a selection of stills that indicate a type of cilia or flagella, the supposed means of locomotion of these creatures/objects. My feeling is that the photos/stills are authentic, i.e. not artifacts of camera manipulation or superimposition. What the 'Rods' actually are ...? I would be most interested in the opinions of the group, particularly Bob Shell or other photographic experts.

Thanks,  
 Michael Davis
