Sorry if I did not make myself clear. Part of the information I will

be posting was originally published in ORBITER Magazine. (a sort of small private publication.) This was in 1992. Maccabee and Ware knew of this and ignored it. I can understand why...because it really isnt in their fields. Last year Hilary Evans asked my to write an article on GB for the book he and Stacy just released. It was at that time that Stacy became aware of my claims. Nothing was submitted to Stacy for the Journal. (My paper was cut from the book.) Two months later I sent all of the information to Walt Andrus with the hope that he would do the ethical thing and at least consider the information. I guess I really didnt expect him to respond. In May 1997 I contacted Vicki Cooper and sent her a package of info. She showed mild interest but it wasnt a priority. Thats sort of the progression. I hope this clarifies things.
