Apology to MW #262 (For August 8, 1998)

Here's another hurdle keeps the saucer folks away. And look into your HEART before you turn your eyes -- say nay! It's the bible waving Christian that has nothing good to say. Those that get all wet eyed, Ollie North like, when they pray, but do their brothers dirty on a common business day. Those that sing so sweetly, from their shining crystal pulpits, while the tired and betrayed are made to pay, wallow in the excess that they've stolen from the faithful, those who buy into the shallow and exclusionary play. . .

All the while whining that their persecution's real! They say it's them that's hounded as they spew the crap they squeal. This is just a tactic to confuse the way you feel, so their program can continue -- they can lie and cheat and steal. That's the way it's always been -- the way they wrote the deal. It makes you docile and unthreatening -- it makes you glad to bow and kneel. It makes one abdicate to ignorance, and assume its Christian seal.

Christians sermonize on UFO's -- conclusions always negative. They are piloted by demons, and this is more than simply speculative. Believers should be stoned in Christ, Pat Robertson's initiative. This they quote from bibles writ restrictive and prohibitive. What am I supposed to think? Their approach's less than sensitive.

The total **mood** and **flavor** is so back woods and inbred. Are we upwind, green teathed cowards; is imagination dead? The wheel's uninvented, and we drag our stuff on sleds? We should look into the light but we'll prefer the dark instead.

We'd be completely in their clutches, but they blew it with their graft. Humanism flowered 'cause it made for better craft. Left to churlish Christians we'd be sitting in a draft; starving, soiled, and miserable, we'd be cold and wet and daft.

Make the same investment! Take your eyes down from the sky! Follow their example, and ignore what swoops and flies! Do the same as they do and you'll wither down and die like you never had an intellect, or the stones to ask them why!

It's them helps hide the saucers -- and they do it with a smirk. Monumental cowards, they're such feeble sneaks and jerks. Performing absolusions that they know can never work -- but they do it with intensity, busy, bright-eyed -- undeterred!

The worst work with passionate intensity while the best have lost all conviction, to paraphrase Yeats. I regret having to quote an elitist, but there you have it.

Visit the bottom of the AM dial and treat yourself to some of the most mindless, effusive, and unreasonable expressions of hatred imaginable. Additionally, ask what Jesus thinks of an extraterrestrial hypothesis. They'll answer like they know, but they'll say it in "tongues," then criticize a lack of *faith* for not *buying in* to their shallow, corrosive, and unintelligible explanation, completely.

I know an educated woman as smart and as talented as can walk around unaided <g>. She has long been a practitioner of that for which she "testifies." She is a card carrying Christian, serious, that is to say not completely arbitrary, or convenient. She has a sweetness, an even disposition and has raised, as far as they go <g>, wonderful children. But watch that sweet countenance twist and snarl into a vicious spitting mask when her dogma is even gently questioned (that gay people should be treated as human beings, or that creationism is an intellectual embarrassment, for example) and then wonder, good friend and fellow mote, who the devil really is!

I watched a guy make kids cry for eating ice-cream before giving thanks to baby Jesus. Now, what's that all about?

It's NOT the mistakes made that matters so much, it's the mistakes not copped to that are the problem. That's why we reap what we sew, it matters who did what to who, first, and all our problems are our own damn fault.

Restore John Ford!
