>Helicopter looks black because it is silhouetted against sky.
>Playing with the JPEG reveals a lighter color and detail.
>Bob

Hi BOB,

What I said was "There was what looked like a Black helicopter hovering directly over my home at about 1500 - 2000 ft." Were you able to determine what color it was markings etc? I used Adobe Photoshop to "check it out" and I did not see anything.

I am not nor claim to be a image expert.

thanks,
ALEX CAVALLARI
