Subject: UFO Scotland Updated

Hi, list members,

We are pleased to announce that UFO Scotland has merged with Skysearch Scotland, from the Bonnybridge area in Scotland. The organisation is run by Craig Malcolm who, together with various other family members, has shot amazing footage from in and around the Bonnybridge area over the last 6 years. Some of this footage has been shown on various TV stations all around the world, and even analysed by some of the worlds top video analysts, and proclaimed to be authentic.

We will be working closely with Craig in the future and have even managed to get two new "real video" clips from the Bonnybridge area on our website, with more to follow shortly. Also we have added some new witness reports complete with pictures etc, never before seen on the internet.

Finally, I am attaching a still picture taken from a piece of video footage that we recorded in September last year. It is an interesting picture taken from a six minute piece of footage, recorded over the River Forth in Kirkcaldy. A small percentage of this particular footage can also be seen at the UFO Scotland website. All the Scotland footage has been encoded using the real video encoder at 28kbps.

I thank you all for your time and wish you all good health and happiness. Keep looking to the skies.....

Dave Ledger.
