 I'm very excited about this! Some of you know, I ran a bookstore for years, and it has always been a love of mine. I get asked often to recommend books(I do write reviews for several publications) on these topics, and now I can do it and actually give you a source for them at the same time! This is being done in association with Amazon.com, which has an outstanding reputation for the five "S"s of internet shopping: selection, searchability, service, savings, and security. If there is any specific book you want (or topic in which you are interested), let me know and I will do the research and e-mail you a link you can use to check it out more (and order it if you want). I will be linking to books within the Media Alert, to make it more efficient for you. If you click on the link, you will be sent to that title on Amazon. You do =not= have to buy it at that point! You may, but the option is yours.
