>Everybody,

>Okay, now that it looks like the 8/6/97 Mexico City UFO video  
>may be (nothing is 100%) a hoax, a couple of questions need to  
>be answered.

>I posted the following information to the list in March:

>In March of this year in Gulf Breeze, Fl. at The Project  
>Awareness UFO Conference, Jaime Maussan said that close to 100  
>witnesses were ready to come forward and testify to what they  
>saw on the day in question. Where are these people now?

>I believe that Maussan made some money on the sale of this video  
>to UPN. If he has knowledge of close to 100 witnesses who  
>supposedly saw this thing then why doesn't he even mention them  
>when shown the "new" evidence? If these people are never  
>accounted for then I think Maussan's motives must be questioned.  
>I happen to like the guy but that's irrelevant and this is an  
>important issue and he should be held accountable to what he  
>said. Right now, his credibility should be questioned.>

>There are other people on this List that attended Maussan's  
>lecture and can attest to what he said in March in Gulf Breeze.  
>I hope your memory is as good as mine. If not, the videos and  
>audiotape of his lectue are available from Project Awareness.

COMMENT: Brit and Lee Elders have told me they spent quite a bit  
of time in Mexico city interviewing people. She sent me brief  
comments on the testimony of about a dozen, I believe. However, I  
have not been able to get full testimony. Nor have I gotten a map  
showing the locations and reasonably sighting directions of these  
witnesses.

I'm afraid that we are heading toward an unending state of  
confusion on this case. If we never get to the cameraman and his  
camera the video will have to be considered separate from any  
testimony. And, yes, where are these hundred witnesses?
