Subject: New Book - 'Managing Martians'

CNN Morning News, Wednesday, July 8, 1998

Author Donna Shirley has written a book called 'Managing Martians' with respect to the JPL Mars Exploration Program, Sojourner, Pathfinder, etc.....

She stated on CNN this morning that by late 1999 there will be 4 Missions to Mars, including Japan.

In 2005 a mission will have sophisticated equipment that will selectively pick samples to bring back to Earth. Unfortunately we won't have samples back until 2008, three years after they're picked up for delivery to Earth.

She also stated the book is also written for young women to encourage them to get involved in the study of Space.
