July 11, 1998

First, my apologies. I don't always check THE UNEXPLAINED on A&E, because if often covers things which I don't think are appropriate to this list. I did miss one on the "saucer seekers" (featuring Bill Hamilton, author of ( <<http://www.amazon.com/exec/obidos/ASIN=0938294733/bufosweirdworld>> Cosmic Top Secret</a> ). It's been a very busy week for me: as some of you know, I'm a computer trainer (no, I don't train the computers...I train people to use them ;) ). This week, I was teaching Advanced FileMaker Pro 4 for the first time that anyone had done it at my facility. I had to write some of the curriculum, and that kept me busy. By the way, if you want to get your database on the Web, FMPro 4 has a very impressive, easy way to do it. Anyway, as people who go back with me a long way on this know, I used to cover things far more in depth. Just don't have enough time right now. Another one of my frustrations in life is that I can't report the SIGHTINGS ON THE RADIO ( <<http://www.sightings.com/about/guests.htm>>sor-program guests</a> ) listing each week. I usually prepare this now on Saturday morning, and the next week isn't up by then. Jeff Rense is the best host with whom I have ever done a full show...there used to be some archives with me on there: they may still be there. Jeff presents a reasonably balanced viewpoint, and likes to let the guests do most of the talking. This isn't to slight the host of my regular spot: Eddie Middleton on NIGHTSEARCH. That's only a short segment, and I've never actually heard him interview anybody (since I live in California, and he's out of Memphis).

Also, CNI News ( <<http://www.cninews.com/>>CNI News Home Page</a> ) was kind enough to inform me that the ROSIE O'DONNELL show with Whitley Strieber is supposedly scheduled for July 20. The tabloids have claimed that she is coming out as an abductee on it. She's friends with Dan Akyroyd (who knows an incredible amount about weird stuff), but don't count on a definitive declaration.

On to the listings! Times are generally Pacific unless otherwise stated.
