FYI: For over a year I have been selling a manuscript (no publisher yet) entitled THE UFO/FBI CONNECTION, the REAL X-FILES, which is a history of the UFO phenomenon as seen through the "eyes" of the FBI documents.

I was the first person to get the documents over 20 years ago. I have incorporated many of them along with information from Project Blue Book (documents released 22 year ago), from the Air Force Office of Intelligence (documents released within the last 10 years, some within the last year) and the CIA documents (released in 1978) to create a history which proves the Air Force had sufficient evidence within the first 5 years to conclude saucers were interplanetary. In fact, the Air Force told the FBI just that in 1952 (at the same time that the AF lied to the people by claiming all sightings could be explained).

Incidentally, the FBI documents are now at [www.fbi.gov](http://www.fbi.gov) in the FOIPA section..

Anyone interested in purchasing an autographed copy of this full-length book sized manuscript for \$15 (includes postage anywhere in USA) should contact Bruce Maccabee at brumac@compuserve.com
