Subject: Leonids Shower A Sprinkle - Some UFO Reports

Keith Basterfield Network Australasia
tkbnetw@fan.net.au

Hi Everyone

The Leonids Meteor Shower was a sprinkle wasn't it hum,

But I think the best meteor was at 1.15am it came in low from the east and then went west and left a trail across the sky from east to west which stayed for around 40 seconds it was at cloud level what a sight WOW Glennys Mackay can confirm this.
glenmack@thehub.com.au

We saw around 30 meteors per hour coming from all direction Skywatch Location the Jimboomba Turf Farm great views of the night sky no light pollution.

Okay guys there has been some flack about seeing UFO's when the Meteor shower was on so we had to be careful about Reports.

But - Our local Radio Station 'B105' had a few calls about a UFO being sighted, Jamie Dun made a few comments about it Ha! a sendup of course :>) but never the less a caller called it in.

Now for the Sighting Reports

Report 1. George Mackay glenmack@thehub.com.au
Location: Jimboomba: Time 3.20am 18th.11.98

Swears he saw a UFO going from left to right then go straight up, well I think he might be right Time was around 3.20am.

Report 2: Peter Astronomer Location: Stafford Time 3.20am 18th.11.98

Astronomer Peter said he saw a bright light going from left to right, then go straight up time 3.20am - the same time as

George Mackay. Now did anyone els see anything?? .

Position was to the North West corner of Orion's Belt

Report 3. Nemesis nemesis@fastinternet.net.au
Location: Far North QLD: Time around 4.00am 18th.11.98

Well,some interesting bits.

Saw an aircraft to the N after about 4 am. Soon after sudden bright flash to the N, then it flashed three or more times less brightly, and a minute or so later below horizon a flareup.

Not the plane, which I saw way off to the S soon after. Not a meteor, Did a satellite get hit? Or knocked spinning?

Lawrie_____Williams

Report 4. sent in by Silvana masqfrag@one.net.au
Location: Mt Nebo Time 3.20am 18th.11.98

Hello everybody

I have a friend who went to see the meteor shower at Mt Nebo and he believes he saw a UFO at around 3.20 am north west as well, it did a zig zag and shot straight up, he believes he had an experience when he was 3yrs old and the ufo looked similar as the one he saw on 17. 11. 98. His girlfriend and a friend saw it too.

See you later
Marcos.

Did anyone els see a UFO that morning: 3.20am 18th.11.98

Regards Diane Harrison
