Apology to MW #282 (For November 27, 1998)

Think what you want, friend, regarding Abduction. A nest full of liars, mistaken and cursed? Consider them making a play for your dollar, not worthy your notice -- revolting, or worse? Then make them a scapegoat, or make them a clown; make them embarrassed to suffer your frown! Use them, abuse them -- assign yellow stars, or label them bar flies from Venus or Mars! Do what you will and stay comfy and safe. Lie to your 'self', and pretend you are brave!

Treat with derision this hapless *minority*, but cling to *fraternities*, and haughty sororities. Cling to your bibles, your tracts or epistles, but walk past your graveyards, while yearning to whistle. Laugh while you can, you shameless elite, you stuttering boneheads -- you artless effete!

We're an atom in an ocean! Who's to say what drifts our way on the currents so indifferent to the games that we might play? We're a grain upon the beach! Who pretends to be aware of when it is that we're washed out by what had put us there? We're a tiny larval bit of life that strains for truth and sentience. We're saints, but psychopathic; we're seers without conscience. We're all the things we'd hate to be and carry just a smidgen of the grace in art to make us free that's cloaked, and masked, or hidden.

When you laugh at the afflicted, but you put them in your shows, you make dishonest dollars while you thumb your upturned nose! You wallow in your disrespect; you frolic for the 'man'; you caper for his pennies, and pretend you understand. With credence to the party line you give your blind support to detractors from progression -- so we take it in the shorts! There is no investigation when maintained that it's unneeded! No one does the looking that entreats and begs beleaguered! No one has the courage 'cause they know it's not rewarded. Ford knows *that* kind of courage is discouraged -- MAIMED, and thwarted! A few of us you tolerate to give your bull shit added weight, and likely that we're strung along until disaster's proud and strong. . .

We should have been more strident; we should have made commands (perhaps elected people who would make the harsh demands)! We could have saved more money -- brought our population down. We could have cleaned our rivers -- put our wires underground. We could have told our kids the truth in schools of trust and light! We could have made the effort to get Ready, Real -- Right!

But we maintained the status quo, we stayed the party line. We laughed at the abductees, and we wasted precious time! We snickered up appointed sleeves while millions suffered BLIND! We spun at temples fingers while abductees lost their minds. They're given harmful counsel, it happens all the time -- made thinking that it's them gone mad, a travesty, a crime!

So think what you will, Phil -- regarding abduction! Stay the old course of your mad reproduction! Forget you know nothing; forget you're the fake! Pretend your foundations don't crumble and break! Forget that the saucers still fly in your skies; forget the abducted, and pretend that their cries are musings of idiots, cretinous loons that scratch at your wallet then howl at the moon. It's you, not abductees, out to lunch here today! It is YOU, and not them, sopped in naivete! YOU are the cause of their pitiful nescience! It's you at the core of our sad lack of conscience! Subject to laughter, enduring derision, they're TRAPPED on the fringes of your lack of vision!

A salute to John V. and his genuine courage. Let's walk with him, then, and so be less discouraged. He's on the right path; he can carry the load. I'll walk with him gladly; he's a light on the road!

Restore John Ford! Any institution that could be brought down by the legal and righteous efforts of just one man -- SHOULD be brought down!
