Neil & List,

I fail to see any great reason for analysing these photos, save  
proving that it is/isn't Mogul wreckage. After all, if it was such a  
top secret project I am sure they wouldn't allow photos of Mogul to  
be taken in this manner - so they throw in some old baloon scraps and  
say "Sorry, we slipped up."

Obviously the material in the photos can't even support its own  
weight let alone encased passengers. The truth lies elsewhere.

Regards,  
Leanne
