Greetings listmembers,

We recently posted a notice to inform other researchers about our new ufo video pages that have been uploaded to the UFO Scotland website.

We are pleased to announce that we have managed to add a further two pages of anomalous footage taken from various sources and locations around the world. One of the new pages is particularly interesting as it lists a collection of ufo encounters caught on video whilst also in the same airspace, and sometimes dangerouslyy near to our own conventional aircraft.

This section is called UFO's and Aviation and can be found at:

http://wkweb5.cableinet.co.uk/dledger/video4.htm

Also we have added a further extensive page of general ufo video clips from across the globe including two clips from Bonnie Scotland recorded by ourselves during September in 1997.

The URL for this page can be found at:

http://wkweb5.cableinet.co.uk/dledger/video5.htm

Or if you want to browse through our full online collection, please visit:

http://wkweb5.cableinet.co.uk/dledger/video.htm

Finally, we would like to remind all visitorsand researchers that these clips are to be used only for research purposes and not for any financial gain whatsoever.

Enjoy the clips folks and if you like our work, please could you add a link on your site back to the UFO Scotland website

http://wkweb5.cableinet.co.uk/dledger

to assist our efforts.

We thank you all in advance. Please enjoy the video footage and we wish you all well with your own various ufo related projects.
Take care all,

From your friend in Bonnie Scotland,

Dave Ledger (UFO Scotland)
