Circle Reported Near Dease Lake, British Columbia

August 21, 1999

Preliminary Report - August 21

Another circle report, the fourth so far this year.

Report received August 19, from Jeff Otto, via David Pengilly of UFO*BC. After initial e-mail correspondence, I spoke to Jeff this evening about what he saw.

Single circle in wild grass, about 90 km south of Dease Lake, in northern BC, about 300 km from the BC / Yukon border. Close to Ealve Lake. Approximately 100 feet diameter. Spotted by Jeff at about 5:00 am on August 7 while driving north to Dease Lake along the right hand side of the Junction 37 Highway. Very remote location. Circle is reportedly flattened down very clearly among the standing plants.

Further details when available.
