>updated now.

If this shows the Aug 7, 1997 Mexico City video of a "huge" UFO  
passing behind buildings, then it was shown in the spring of  
1998.

Subsequent investigation has shown that the Mexico City video  
has "fingerprints of a hoax" and the Phoenix lights which were  
videotaped by several people were likely flares about 80 miles  
south of Phoenix.

These cases have all been discussed on the net. I suggest going  
to UFOMIND and looking up Mexico City and Phoenix.
