Mr. Korff,

I am still awaiting your response on these matters. There has been enough time.

1. Your credentials in image processing and image analysis. Since you made a statement ..that video is 400 lines per inch and that film is "millions" of lines. I have a sense that you have NO IDEA what constitutes image processing and image analysis.

2. The source of your false information on my "so called lawsuit" with my investors.

3. Furthermore, are you really an expert in terrorism and did SDI work at Livermore and Berkley Labs. Dr. Winifred Salsbury, one of the top persons EVER at these labs is an friend of ours. So is Robert Cornog. Deliver your information accurately, as we know the facts. If you are such a big shot why don't you respond.

I am a very busy person. I do not have time for your shennanigans. You have deliberately attempted to disentigrate the positive work of many people. What do you have to say for yourself. WHAT MOTIVATES YOU.

You state on your website that Jim Dilettoso is responsible for your statements regarding Art Bell.

This is a complete Lie and you know it.

You completely manufactured this information.

You may have had help from Jeff Payton aka Erskine. If so say it.

You stated that THREE Radio stations Management told you that Art Bell called those stations.

Explain how my letter to ONE station became your statements about Art Bell. You are a LIAR.

Furthermore you state in your HOME page www.kalkorff.com that

1. Village Labs is going out of business
2. A fellow con of Jim Dilettoso spills the beans.

PROVE YOUR SOURCES.

These things are not true and you know it.

What are you.

Waiting,
Jim Dilettoso.
