Subject: ewarrior: Mark Cashman - Face On The Fringe

UFO UpDates' own Mark Cashman was kind enough to go on record
with an email interview regarding the Face on Mars. He applies
his consummate analytical skill to Carlotto's
"orthorectification" and tells us some interesting facts about
the Viking camera. Along the way he mentions little known facts
about French Ufologist Jacques Vallee, Aime Michel's
"orthoteny", and blithely comments about his severed
relationship with GeoCities.
