Please see the minor correction below:

Regarding Firmage, I originally wrote (in part):

>I would certainly agree that he isn't going to become the  
>salvation of ufology (if it indeed needs to be saved from  
>anything), but his approach of looking at the world around us  
>from a different perspective struck a chord that is hard to  
>ignore. I would also add that he is a good motivational  
>speaker, which is fairly common

In my rush I failed to finish the last sentence of that  
paragraph, and it should have read:

> I would also add that he is a good motivational  
>speaker, which is fairly common among computer company  
>Executives that I've run into.

Sorry for my lapse.

Steve
