Early 20th Century Reports Sought

The UFO Research Coalition is funding a study by Richard Hall, Fund for UFO Research Board member, of UFO reports from 1900 through 1946--post-airship and pre-Arnold--to determine whether typical UFOs were reported during that period, and what patterns they showed.

Copies of reports or bibliographic references may be sent to Richard Hall, 4418 39th St., Brentwood, MD 20722. Limited funding is available to offset costs of photocopying and postage (query first).

Hall is particularly seeking reports of "daylight discs" as opposed to pinpoint sources of light, and reports showing what are now "standard" UFO features, such as hovering and rapid acceleration, light beams, distinct geometrical form, body lights, and brilliant illumination of the environment.

All reports should be in English language since funds are not available for translation.
