Maybe if you removed the following from your opening header,
people would take you seriously.

>Welcome to the July column, and the latest news and gossip from

"Gossip." By its very nature this shows the level of your
bulletins. Gossip is going behind people's backs and repeating
things that aren't strictly true.

Maybe when you stop gossiping, the waters may become calmer.

Being Nick Pope's messenger doesn't help either. Tell him to get
on the Internet and do his own messages instead of using you.

If your standard of research is on a par with Nick's, then
welcome to the Twilight Zone. Don't go on any toll roads, they
cause you all sorts of problems. Of course we are all looking
forward to your forthcoming book to set the record straight.

Cheers

Rory Lushman
