Dear Jeff,

It is funny that you post one of ol' Uncle Bob's 'stories' . In my opinion he is the King of unverifiable UFO stories. They are always great in content, fun to read, but as you state, most all of them, however, have one thing in common: anonymous or unknown sources. This does seem to be one field of research where people are considered 'knowlegable' bases on these mysterious 'unknow sources'. What ever happened to fact based reasearch? These 'stories' make good folklore, but not much else
