UpDates Server Problem

 Subject: UpDates Server Problem

There appears to be a problem sending mail to List subscribers.

As of Sunday afternoon [June 6] the GlobalServe outgoing e-mail server and Eudora 4.1 stopped talking to one another for the second time.

I am still able to send mail to single addresses - hence this message to the Archive at ufomind.com

The Admin people at the ISP have been notified and are working the problem.

Unfortunately, I was unable to post notice to the List of Larry Fenwick's guesting on our program 'Strange Days... Indeed' on CFRB 1010 and the Web last night.

With some sleuthing the List should be functioning shortly.
