JOHN MACK,MD joins THE PROPHETS CONFERENCE ~ PORT TOWNSEND, WA, August 27-29

Dr. John Mack tells The Prophets Conference "a story of one man's determination to bear witness to cosmic mysteries with extraordinary implications for the human future..."

An esteemed professor of psychiatry at Harvard Medical School, and a Pulitzer Prize-winning biographer, Dr. John Mack never intended to become an expert in the controversial study of alien abductees. But after investigating over 60 cases of alien abduction through hundreds of hours of interviews and treatment, Dr. Mack now presents the mesmerizing tales of alien encounters revealed by his patients-- none of whom are mentally ill-- and the profound, surprising and at times deeply spiritual impact these experiences have had on their lives. Providing details of alien encounters never before reported or depicted on the screen, the men and women whose experiences are related here in unforgettably vivid detail are not extremists recounting dreams or hallucinations. Rather, as Dr. Mack reports, they are survivors of harrowing, real-life experiences that challenge the most basic assumptions that make up our understanding of our existence and our role in the universe.

He has written the gripping and fascinating book Abduction: Human Encounters with Aliens, in which the accounts of self-reported abductees led Dr. Mack to make other connections--between abductions, near-death experiences and 'past-life regressions.' All of these experiences are, Dr. Mack suggests, vehicles for recovering perennial wisdom. He places emphasis on spiritual transformation as the nexus of the abduction experience, even likening it to a shamanic expansion of consciousness.

Dr. Mack won the 1977 Pulitzer Prize for "A Prince of Our Disorder." His new book, "Passport to the Cosmos," will be available later this summer.

During The Prophets Conference Port Townsend, Dr. John Mack will join the powerful panel "The UFO: Anomaly, Reality, Implications" along with panelists Joe Firmage, Dr. Robert Anton Wilson, Dr. Edgar Mitchell and Dr. Steven Greer. He will also be presenting an individual workshop.

The 21st Century Mind: Opening to the Possible is the vision for The Prophets Conference ~ Port Townsend. This special gathering continues the compelling adventure into sacred vision and the realization of

meaning. The Prophets Conferences are unparalleled events constantly manifesting the edge of ideas which call for nothing less than the Re-envisioning and Reconfiguration of Reality.
