 Subject: Strange Marilyn Monroe CIA-Document

The recent discussion of "Dorothy Kilgallen and UFOs" has brought forth additional information for consideration.

With the help of Tony Spurrier and Geri & Alfred Webre, information about an alleged 1962 CIA Document has been made available for inspection on the internet. The alleged CIA document is a surveillance report.

The document, dated two days before her death, alleges that she had discussed a "secret air base" mentioned by President John F. Kennedy, which contained "things from outer space."

An open appeal is being made to the UFO UpDates list members for their assistance to help us gather more information about this document. We seek to determine its authenticity and origin, or if it is a hoax.

To see the document and gather more information, go to:

If anyone has further knowledge and could shed light on this, comments and suggestions are welcome to the list or in private.

Thank you,  
 Kenny Young
