YeHaw! Someone else finally noticed this event.

I posted a notice of this event back in December of last year:

<http://www.ufomind.com/ufo/updates/1998/dec/m18-012.shtml>

But I probably should have better labeled it considering its  
 relevance to the continuing threads on this list regarding the  
 physical reality of abduction experiences; ie - do these  
 Imaginal Experiences represent a purely psychomechanical  
 phenomena or another ontological reality?

I'm going! I already have my conference tickets and travel arrangements. Is anybody else on the list going to London?!

I'm a little shocked that Mr. Brookesmith was unaware  
 considering his cohort Paul Devereux is one of the organizers  
 and speakers. "Such is life."

BTW, the complete title of Jacques Vallee's paper is: "Rise of  
 the Replicants: 4 Scenarios Impacting Consciousness in the Years  
 2000-2025." I suspect this is in light of the hybridization  
 theme within the abduction narrative as well as Vallee's  
 knowledge of Phil Dick's use of replicants in PKD's book Do  
Androids Dream of Electric Sheep, aka Bladerunner.

See y'all there!
