Never be sorry for Purple Stools... but you need to know something about Morte.... as in "Morte-llaro" and "Marte-della!"

Oh my gawd! Everybody is gonna be sorry you said that.... Except me. I am now going into the Italian Deli meat business... say, what's an old sudzer like you with a name like Hatch know about Mortadella? Woof... will wonders never cease. I am driven to bedlam!

And now for the rest of the story (with special thanks to Paul Harvey). Mortellaro... mortadella... "Morte" meaning death, is a part of both words. Mortadella is an Italian cold cut made (in original form) from blood. It's a little like German Blutwurst. It's got fat, blood, peppercorns, garlic and the "death or morte" part comes from the blood. Without blood... you is dead!

Anyway, about 28 years ago, my wife who is an artist, had a bad case of contact dermatitis from some of the chemicals she was using. So off we went to the Grand Concourse (in the Bronx) to a dermatologist... this man is very Jewish... conservative. We get thru with the exam when he tells us how much he loves Italian culture. He turns out to be a student of Italian culture.

He whips it out... (Sorry, Cleavon Little is dead too) anyway, he whips out a huge, leather bound volume of names, all Italian. He aks (this is the Bronx, remember?) us if we know what Mortellaro means...? We say no, but it must have something to do with death, as that is the first word in the name.

He looks it up and says, "Mortellaro is a bastardization of a word (which escapes me right now) which means "lives forever or Lack of death." It is the name of an evergreen tree indigeonous to the island if Sicily. And aks us for \$50 and sends us on our way. So, just call me "Tree" or "everygreen". But ya dasn't hafta call me Johnson!

Love,
Jim... and thank you sir..... yet again.
Dr. Jaime Gesundt, Fresh Wines, Cheeses, Publishing and now, Mortadella.. made with the blood of Alian Lizard Spawns... Neill Young used to milk blood to keep from running out. I milk it for my special Morty Mortedella con Gripple... and a splash of Burbal!
